

Bose Varghese is the Head of Green Initiatives in Infosys. He manages all environmental sustainability programs including the corporate RE100 and Carbon Neutral commitments. Bose has extensively worked in the US and India in the areas of energy, environment, sustainability, climate change, and cleantech. He is actively involved in climate action policy and advocacy globally.

Prior to this role, Bose held the roles of founder-Director at Vie2Sustain Consulting LLP, Bangalore, head of Climate Change & Sustainability practice at EY in Bangalore, and project manager at Conestoga-Rovers & Associates in Houston.

Bose has a master's degree in Environmental Engineering from the University of Houston, US, and a bachelor's degree in Chemical Engineering from the University of Calicut, India.
